GRADUATION REQUIREMENTS

A DIPLOMA, ATTESTING TO THE COMPLETION OF THE COURSE, IS AWARDED TO THE STUDENT UPON COMPLIANCE WITH THE FOLLOWING GRADUATION REQUIREMENTS:

- A. The student must complete all required clock hours.
- B. The student must complete all required classes and pass all required test, including the final examination.
- C. The student must meet all obligations of any signed agreements with the school, including payment of all amounts due.
- D. The student must submit all required State Board forms and complete a FA Exit Interview if required.

JOB PLACEMENT

Accreditation standards prohibit our school from guaranteeing employment to our graduates. However, the school does provide a list of available job openings as well as counseling assistance. Any student or graduate may obtain such a list and or counseling by submitting a written request to the Administrative office. Additionally, students are offered a variety of opportunities for exposure to salons through school sponsored activities, interning opportunities and individual salon visits.

LEAVE OF ABSENCE POLICY

Students are expected to attend on a continuous basis, and leaves are permitted only in cases of unusual and necessary circumstances. The contract Completion Date for any student taking an official Leave of Absence will be extended by the number of days of the Leave of Absence. Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties. The leave of absence form will serve as the addendum to the contract with the new contract completion date noted on the leave of absence.

Leave of Absence Guidelines:

- A. A student must submit in advance in writing, include the reason for the request and include the student's signature. There must be a reasonable expectation that the student will return from the leave before it will be approved. This institution may grant a leave of absence to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the institution documents the reason for its decision and collects the request from the student at a later date. The beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend (i.e. car wreck, hospitalization etc).
- B. Normally a leave of absence is restricted to between 30 and 60 calendar days. A student may request a waiver of this limitation for "good cause" by submitting a written request. Federal regulations dictate a maximum time for a leave of absence (180 days in a twelve month period) and our school is required to be in compliance with these regulations.
- C. Normally, only one leave will be granted during the time a student is enrolled. A student may request additional leave time if doing so would not violate Federal Regulations.
- D. Students receiving federal aid must adhere to federal regulations restricting leaves of absence. If a student request appears to jeopardize that student's eligibility for financial aid, the student will be made aware of this fact by the financial aid office before such leave is approved.
- E. A student who receives an official leave of absence will be readmitted on the stipulated date of return without penalty or additional fees.
- F. A student who receives an official leave of absence is not considered to have withdrawn and no refund calculation is required at that time.
- G. A student must follow the school's policy of requesting a leave of absence or request waiver of item A before a leave of absence will be approved. A student who ceases attending without such written permission will be considered withdrawn after 30 days of non-attendance.
- H. Students who are on an official leave of absence from school may not loiter in or around the school premises unless on official school business. Additionally students on a leave of absence may not obtain clinic services, complimentary or paid.

Failure to return from a scheduled leave of absence on the return date indicated will result in immediate dismissal from school. The withdrawal date, for the purpose of calculating a refund will be determined as the last date of attendance.

TITLE IV FEDERAL FINANCIAL AID (FFA)

Return of Title IV Federal Financial Aid (FFA): If Federal Financial Aid (FFA) is used to pay tuition for a student training, and the student does not complete that training, the student may be entitled to only a portion of that FFA, and the school must return to the appropriate FFA program and FFA exceeding that to which the student is entitled.

FOLLOWING IS THE FEDERAL POLICY FOR RETURN OF TITLE IV AIDThe law specifies how a school is to determine the amount of Title IV financial aid a student earns if the student withdraws from school. The programs covered by this law are Unsubsidized, Subsidized Direct Stafford Loans, PLUS (parent) loans and Pell Grants.

The return of Federal Title IV Funds Policy applies to any student who receives Title IV funding and withdraws. The withdrawal process is defined as occurring when a student notifies, in written form, the Financial Aid Office of his/her intent to withdraw. Whether or not notification is given or whether or not the student begins the withdrawal process, the school will determine the date of withdrawal as the date the student ceased attendance. The Return to Title IV formula determines the amount of Title IV funds a student has earned at the time the student ceases attendance and the amount of Title IV funds a student must return. This includes any money disbursed to the student as "personal living expenses." The amount of Title IV funds earned by a student is based on the amount of scheduled attendance by the student for that payment period. The amount of Title IV funds a student earns is a proportional calculation based on the amount of time the student is scheduled to attend school through 60 percent of the payment period. If a student ceases to attend school after 60 percent of the payment period, the student earns 100 percent of the Title IV funds. If the student withdraws the amount of Title IV aid the student has earned up to that point is determined by a specific formula. If a student received (or the school or parent received on behalf of the student) less assistance than the amount the student earned, the student may be able to receive the additional funds. If the student received more assistance than the student earned, the excess funds must be returned by the school and/or the student.

The amount of assistance that the student has earned is determined on a pro rata basis. For example, if the student was scheduled 30% of the payment period the student earned 30% of the aid they were originally scheduled to receive. Once the student has been scheduled more than 60% of the payment period the student earns all the aid that the student was scheduled to receive for that period. If the amount of Title IV grant or loan funds disbursed is greater than the amount a student earned, unearned funds must be returned. If the amount the student was disbursed is less than the amount the student earned, the student may be eligible to receive a post-withdrawal disbursement in the amount of the earned aid not received but otherwise eligible. If the post-withdrawal disbursement includes loan funds, the student may choose to decline the loan funds so that the student may not incur additional debt. The school may automatically use all or a portion of the student post-withdrawal disbursement (including loan funds, if the student accepts the funds) for tuition. For all other school charges, the school needs the student's permission to use the post-withdrawal disbursement. If the student does not give permission, the student will be offered the funds.

However, it may be in the student's best interest to allow the school to keep the funds to reduce the student's debt at the school. If it is determined that unearned Title IV funds must be returned, the responsibility is allocated between the school and the student. The school's responsibility for returning unearned funds is limited to the greater of the Title IV funds that the student was scheduled to receive that the student cannot earn once the student withdraws because of eligibility requirements. For example, if the student has not completed the first 30 days of the program before the student withdraws, the student will not earn any Direct Loan funds that the student would have received had the student remained enrolled past the 30th day.

If the student receive (or the school or parent received on behalf of the student) excess Title IV program funds that must be returned, the school must return a portion of the excess equal to the lesser of:

1. The student's institutional charges multiplied by the unearned percentage of your funds, or The entire amount of excess funds.
2. The school must return this amount even if it didn't keep this amount of the student Title IV program funds.

If the school is not required to return all of the excess funds, the student must return the remaining amount. Any loan funds that the student must return, the student (or the parent for a PLUS Loan) must repay in accordance with the terms of the promissory note. That is, the student (or the parent for a PLUS Loan) will make scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that the student must return is called an overpayment. The amount of a grant overpayment that the student must repay is half of the unearned amount. The student must make arrangements with the school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when the student withdraws is separate from any refund policy that the school may have. Therefore, the student may still owe funds to the school to cover unpaid institutional charges. The school may also charge the student for any Title IV program funds that the school was required to return.

If a student has questions about Title IV program funds, students may call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913 or log on the Student Aid Site: www.studentaid.ed.gov.

Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to the text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Student must make up failed or missed tests and incomplete assignments. Student who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he /she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISH OF SATISFACTORY ACADEMIC PROGRESS

Student may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours lapsed during a leave of absence will extend the students contract period and maximum timeframe by the same number of days taken in the leave of absence and will not be included in the students cumulative attendance percentage calculation. Student who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

APPEAL PROCEDURE

If a student is determined not to be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special mitigating circumstance. The student must submit a written appeal to the school or the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT, REMEDIAL COURSES, REPETITIONS

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

Any student considered withdrawn who subsequently requests readmission(re-entry) shall retain full credit for all monies paid to the school individually or by any other external source including federal aid. Upon compliance with the following guidelines the student will be readmitted without loss of previous hours clocked, provided the hours have not expired in accordance with State Law. Student reentry requests will be reviewed on an individual basis. All students must re-enter the institution in the same satisfactory academic progress(SAP) status at the time of termination or withdrawal. Further, all reentry students will be evaluated at the next scheduled evaluation due at the time of termination or withdrawal.
